

Ideas

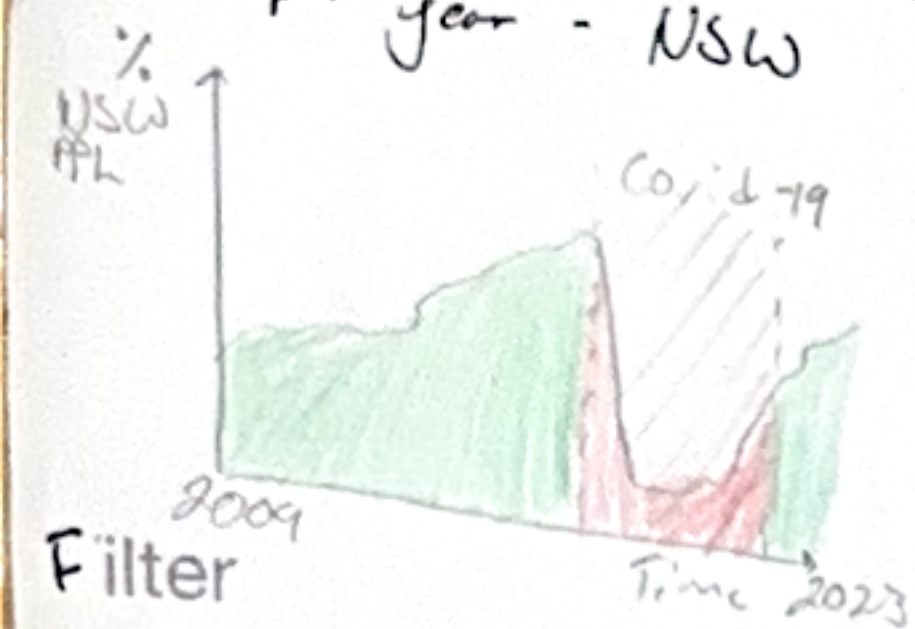

Sheet 1 Name Antonio Zeki Date 27/09/25

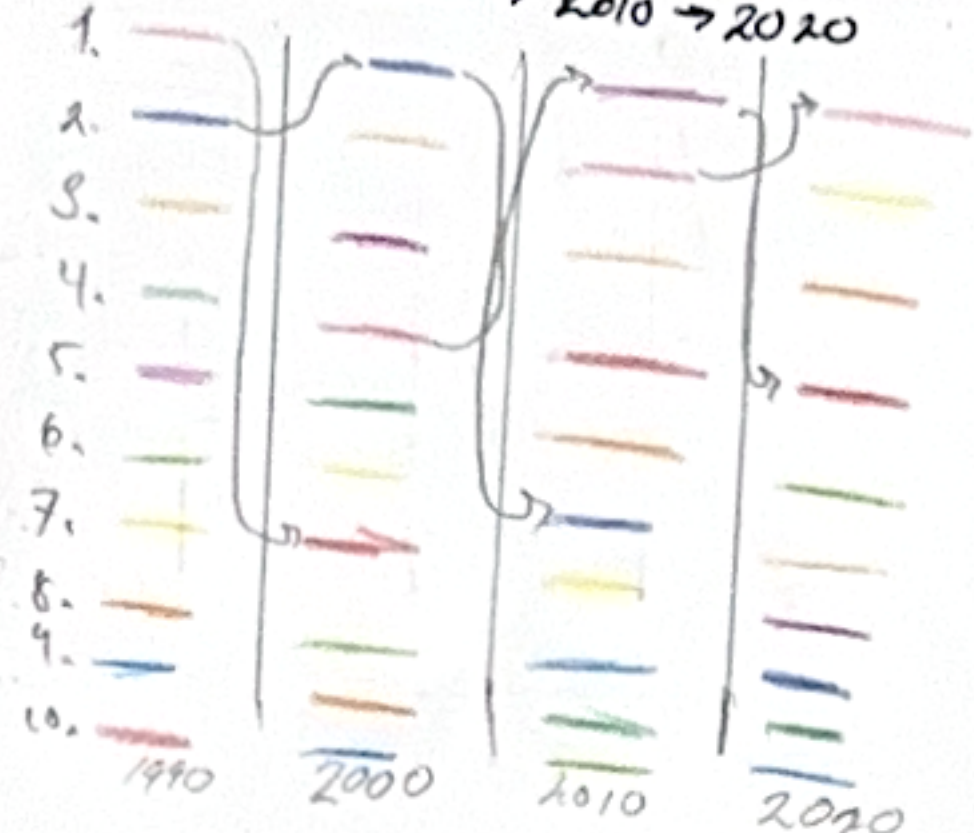

4. Large (>200 ppl) vs Small (<200) venues in Melbourne by suburb:

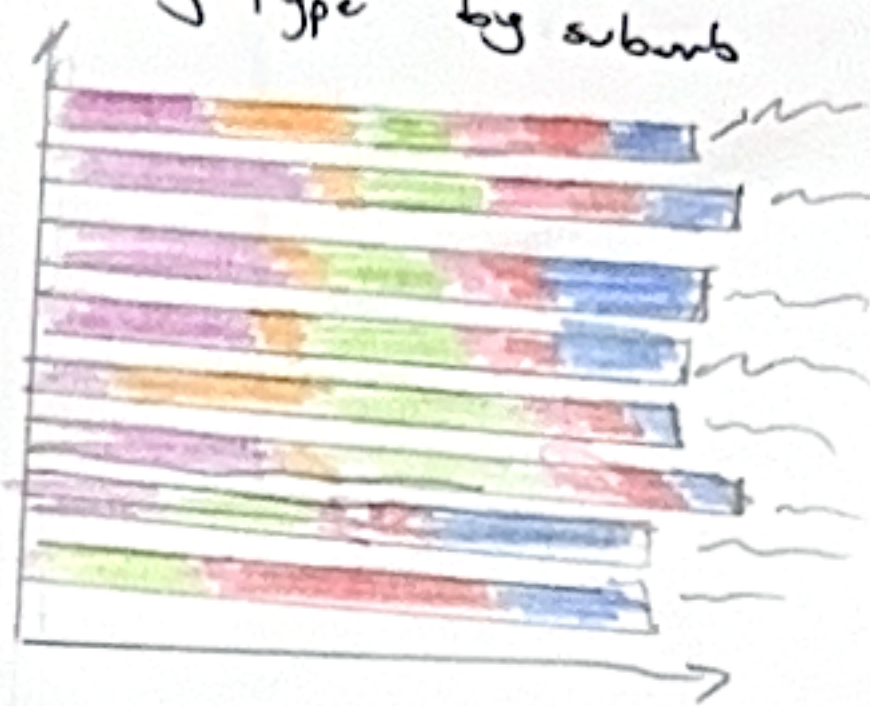

5. Live Music Attendance in per year - NSW

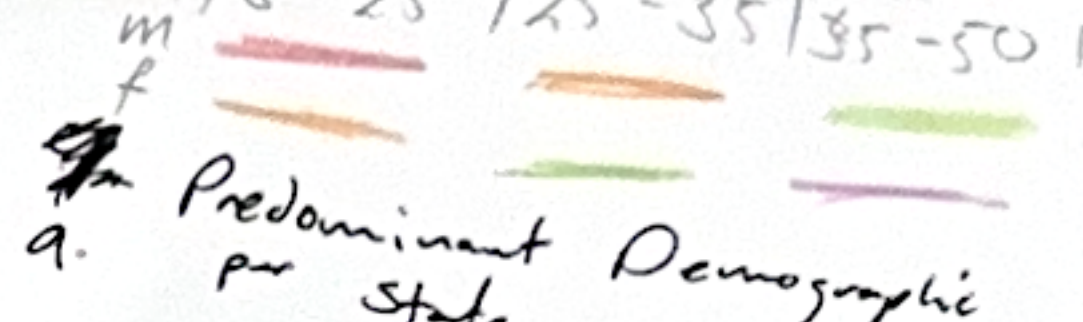

6. Top 10 Genres in Aus 1990-2000-2010-2020

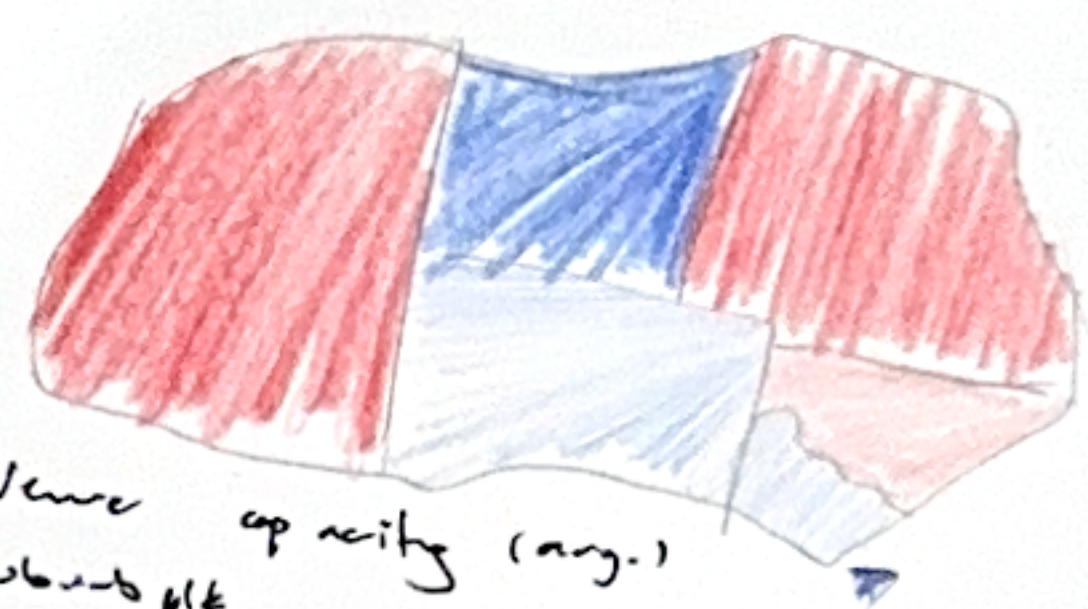

7. Venue Distribution by type by suburb

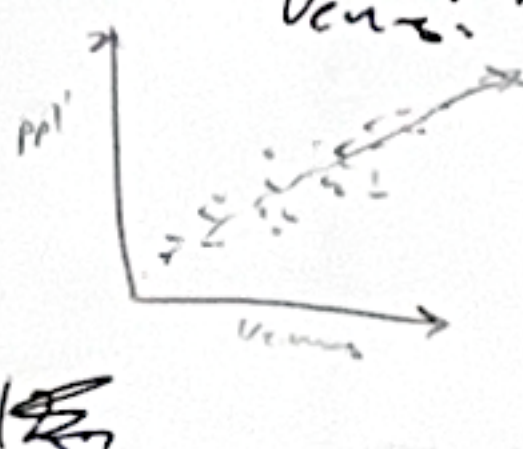

8. Top Genre by Age group (w/ & Gender)

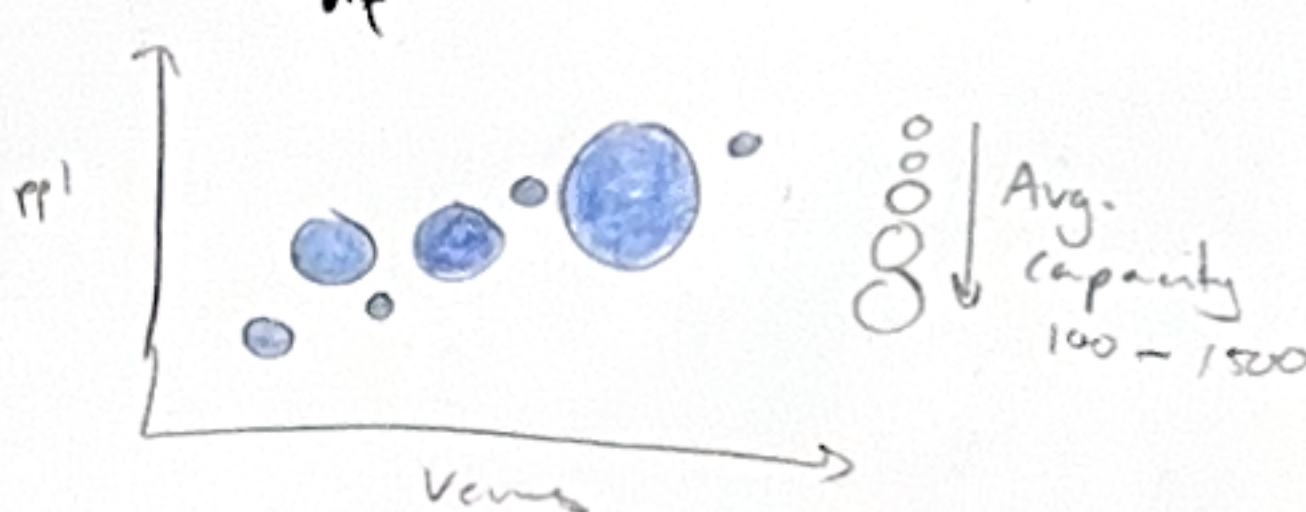

9. Predominant Demographic per State

10. Suburb population vs Venues

11. Venue capacity (avg.) vs suburb pop

Filter

10: too simple, carries less information than 11.

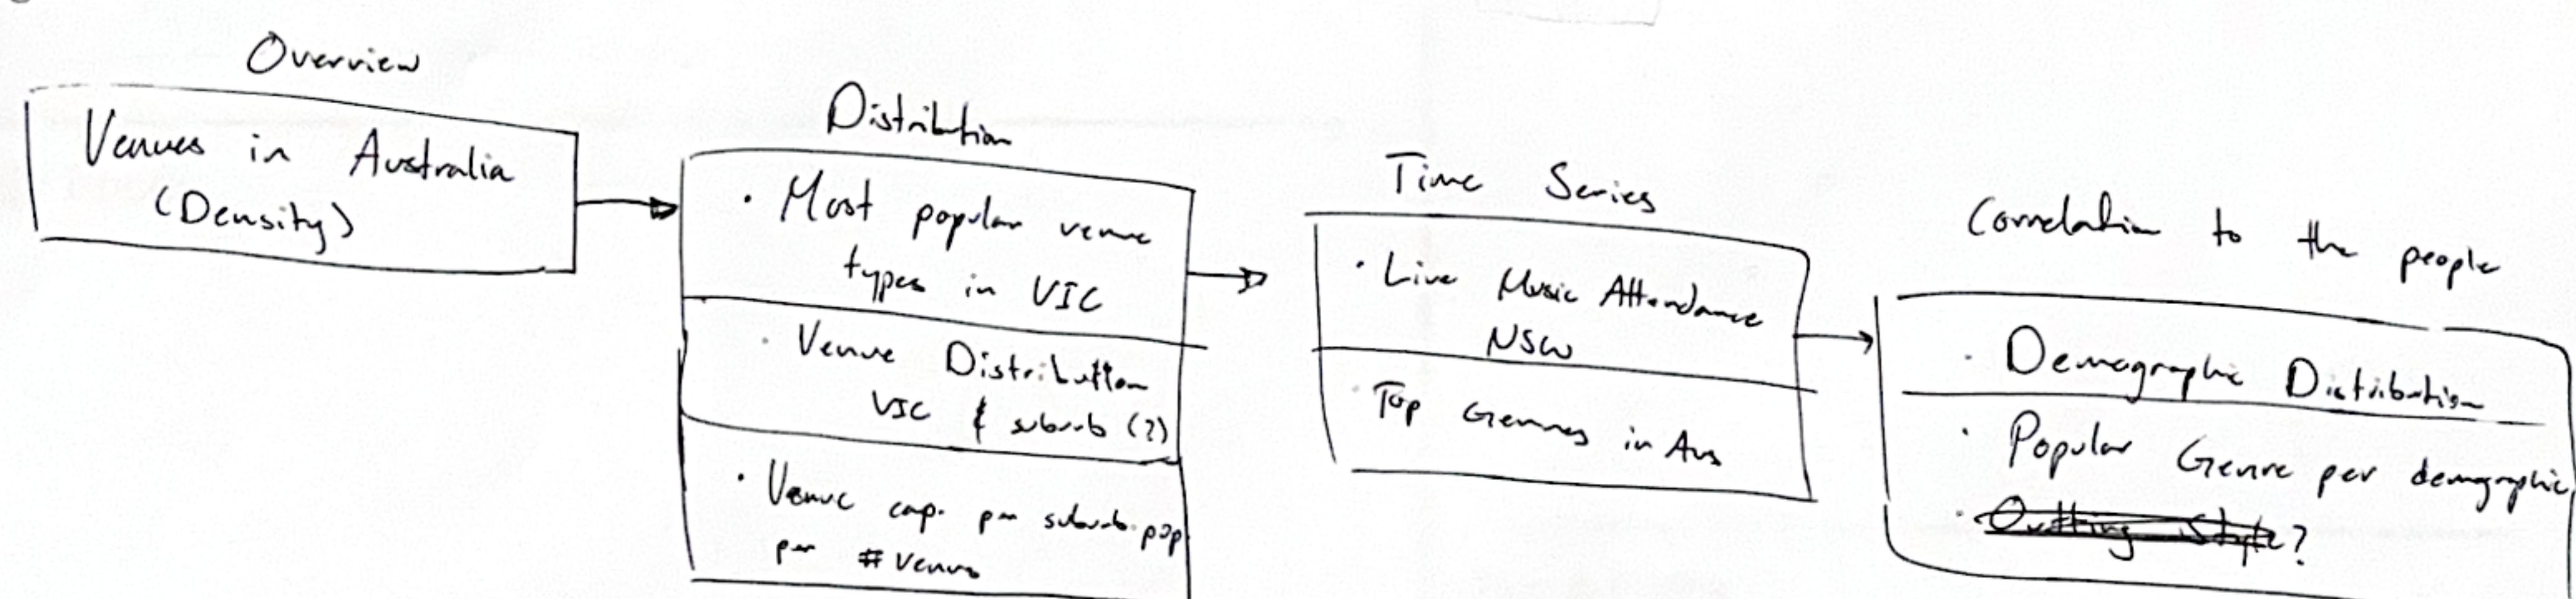

7. Maybe too busy, too much info on first glance

Change:

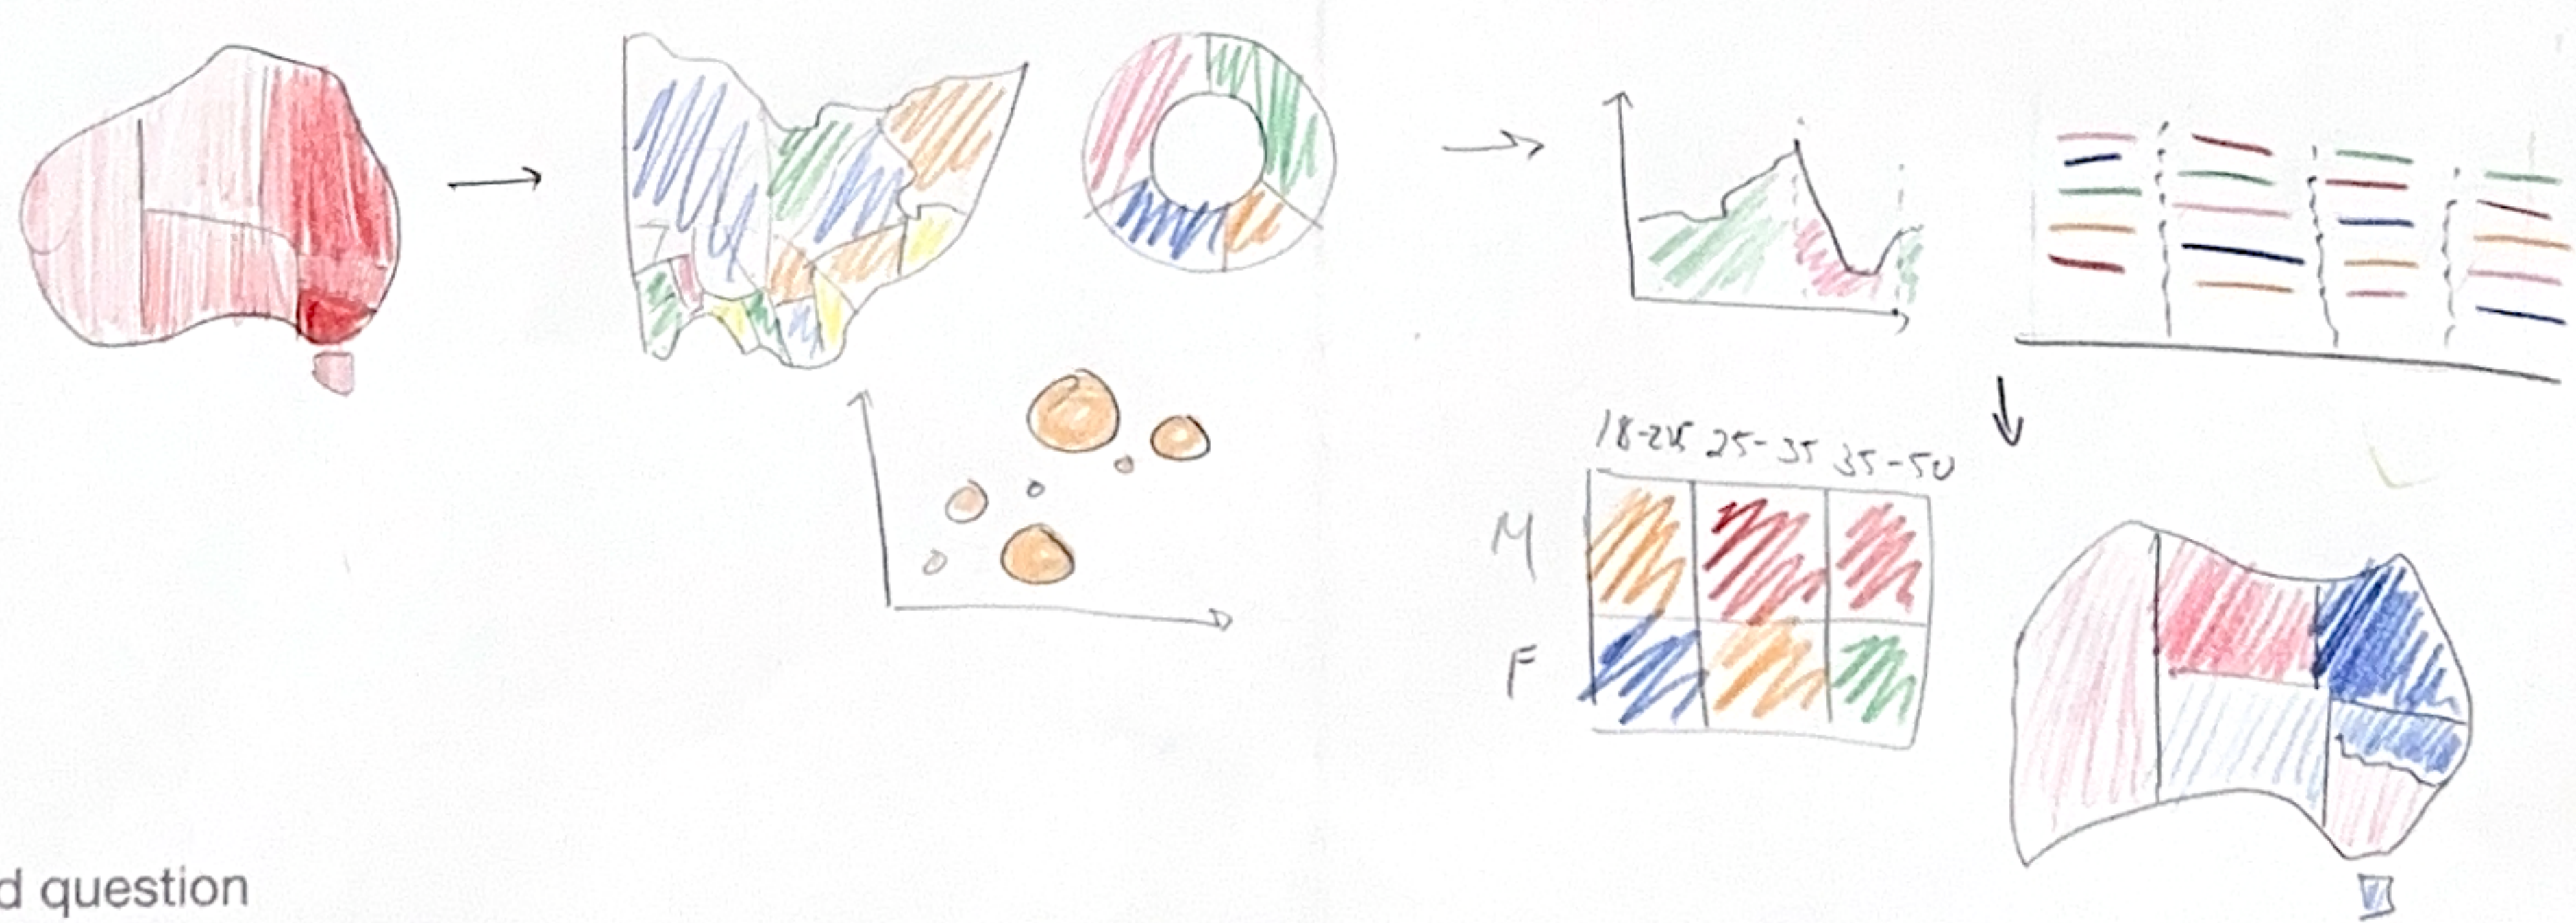

6. Sankey might look better.

8: Matrix Diagram would be better

Categorise

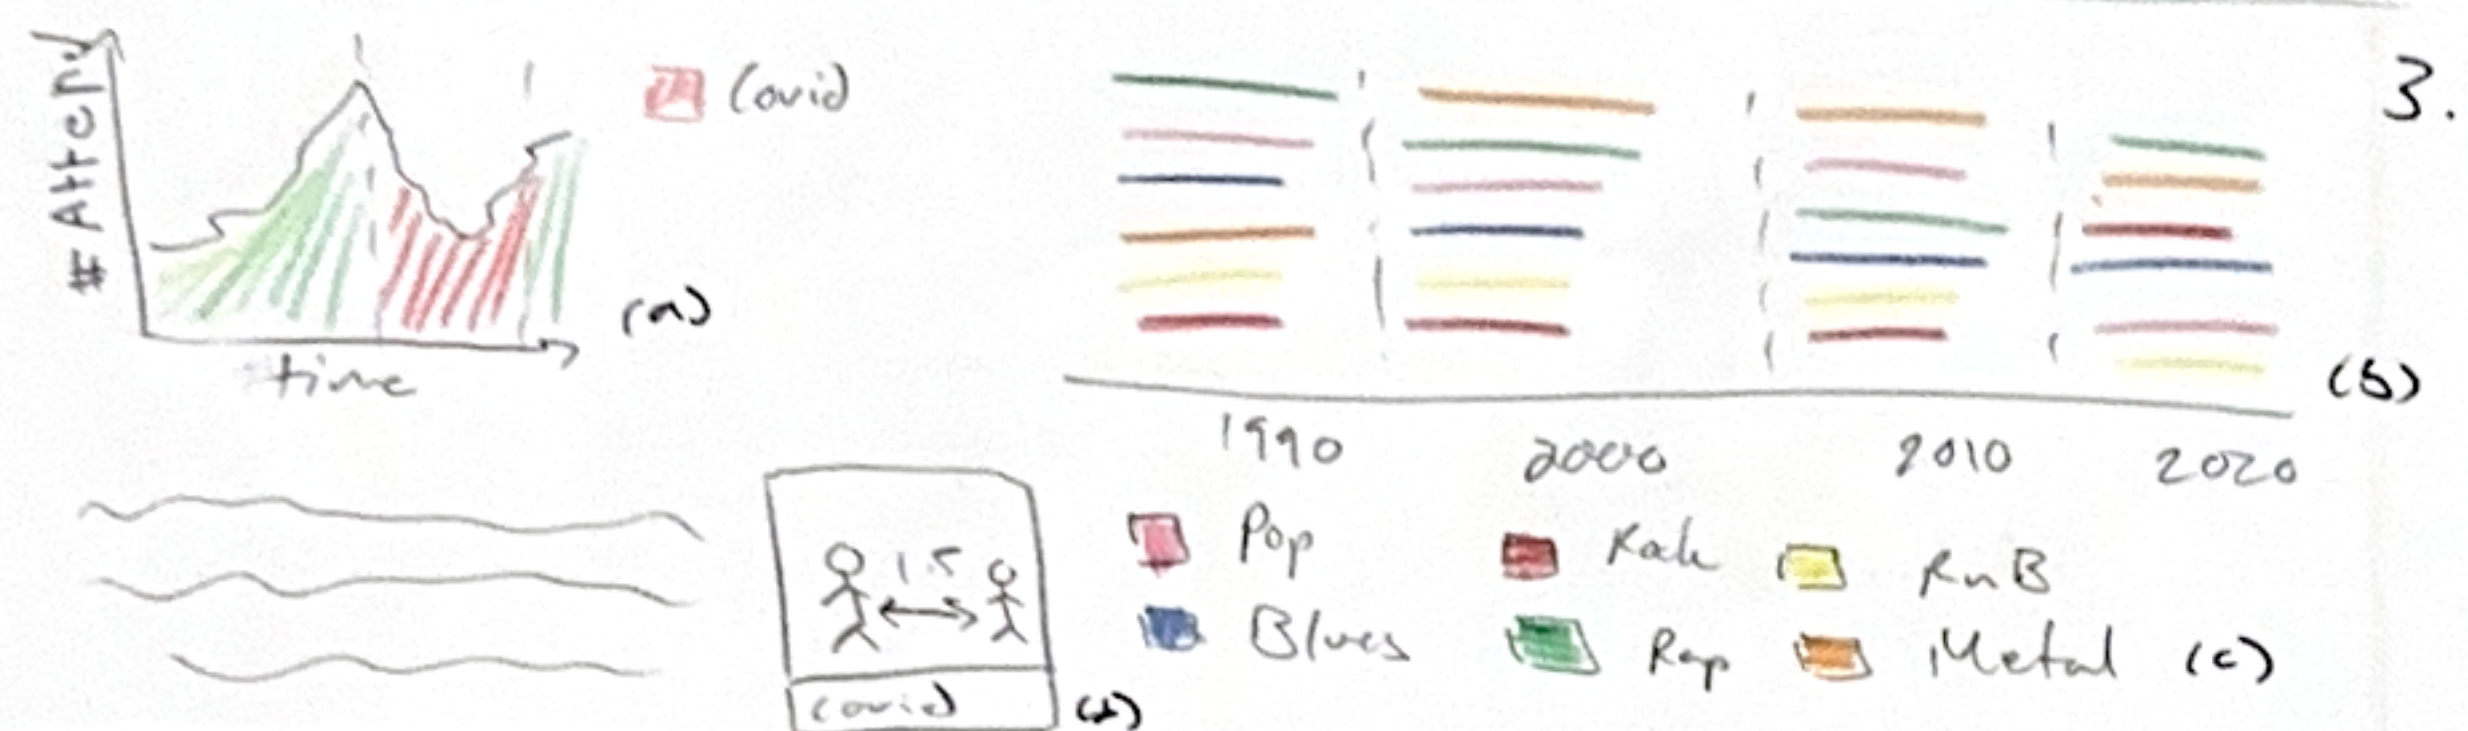

Combine & Refine

Summarise and question

1. What is the best way to normalize the data for the choropleths?
2. Does this showcase a "story" of correlation between demographic & music in Aus?
3. Divide Victoria by suburb or council?

The GREAT AUSSIE MUSIC SCENE

Parti / Focus

Sheet 2,3,4

Name Antonio Zales

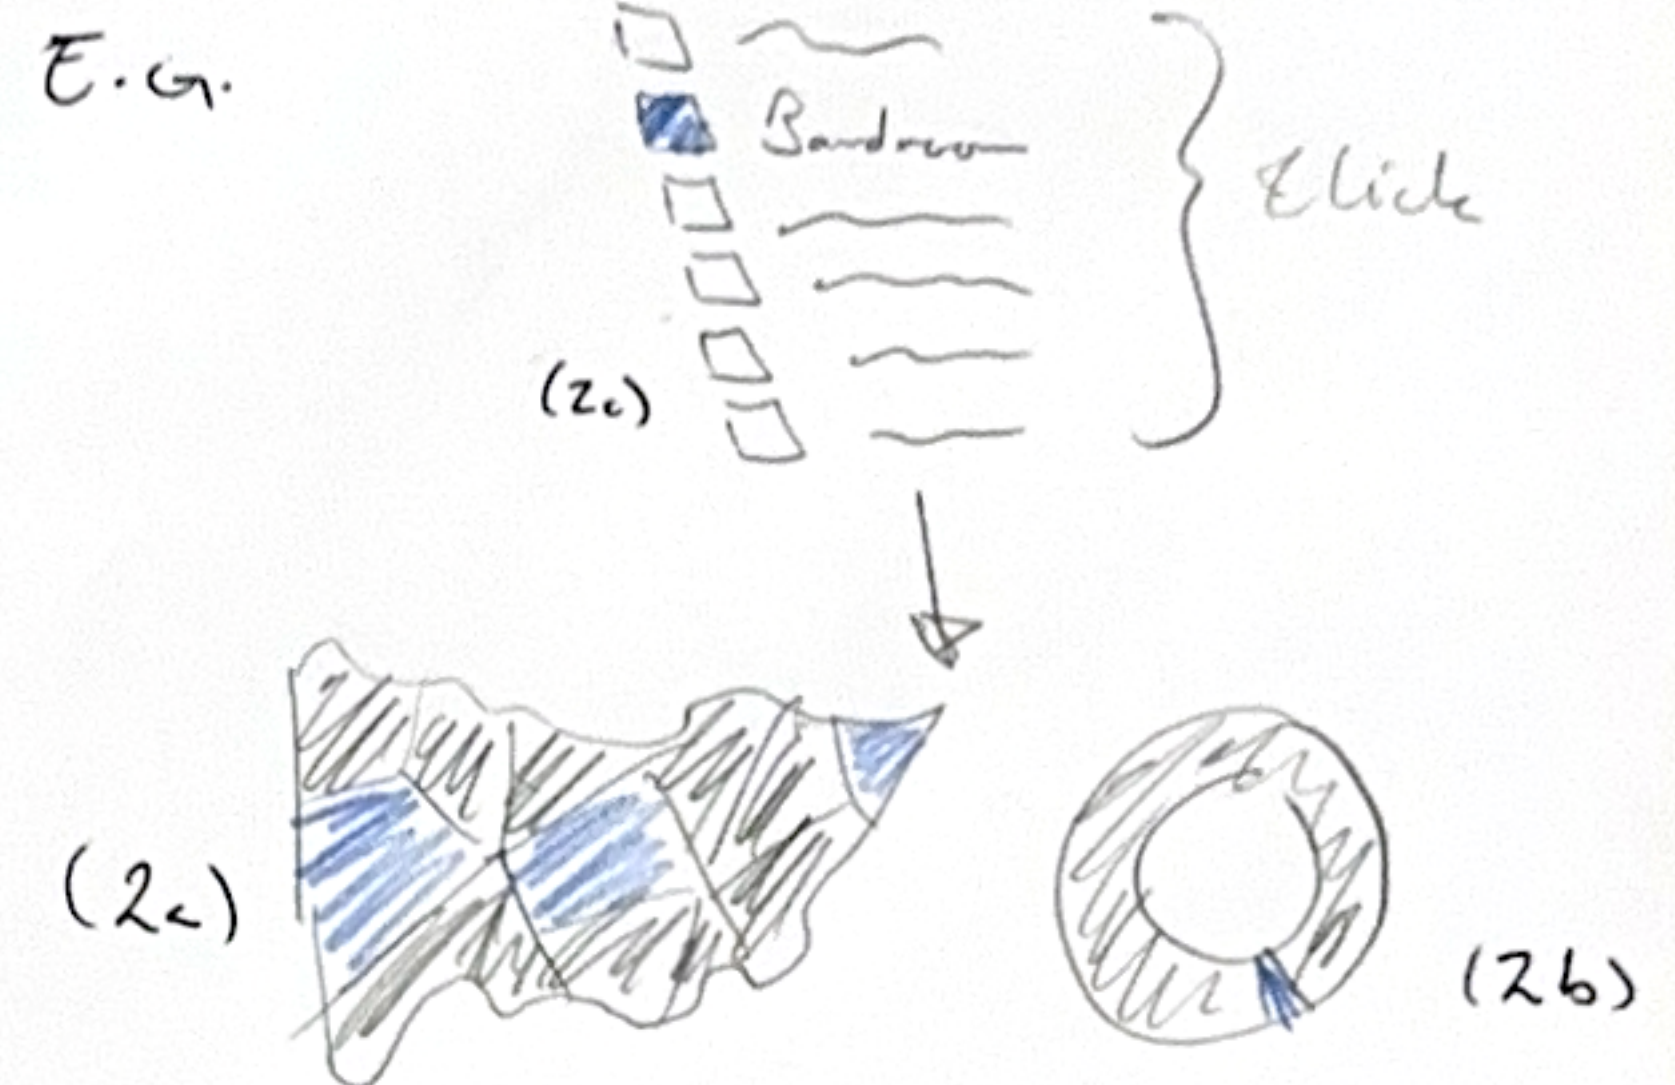

Date 27/09/25

Title The Great Aussie Music Scene

Description FIT3179 A2 FDS Sht 2

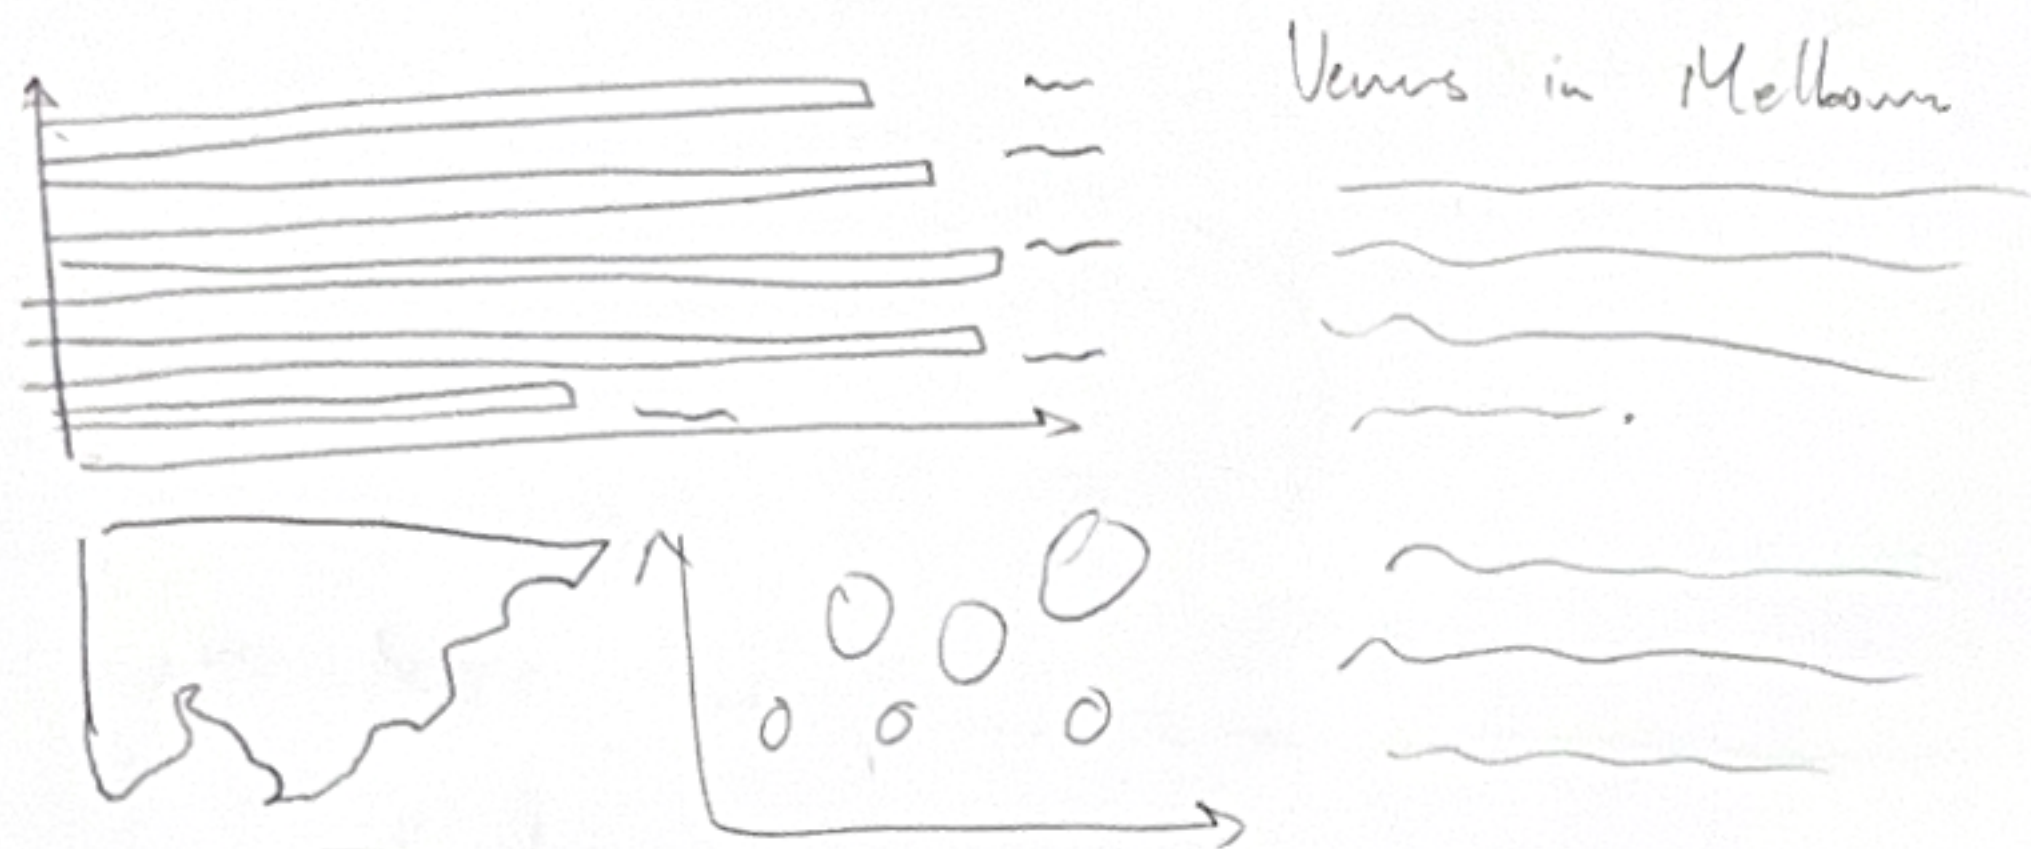

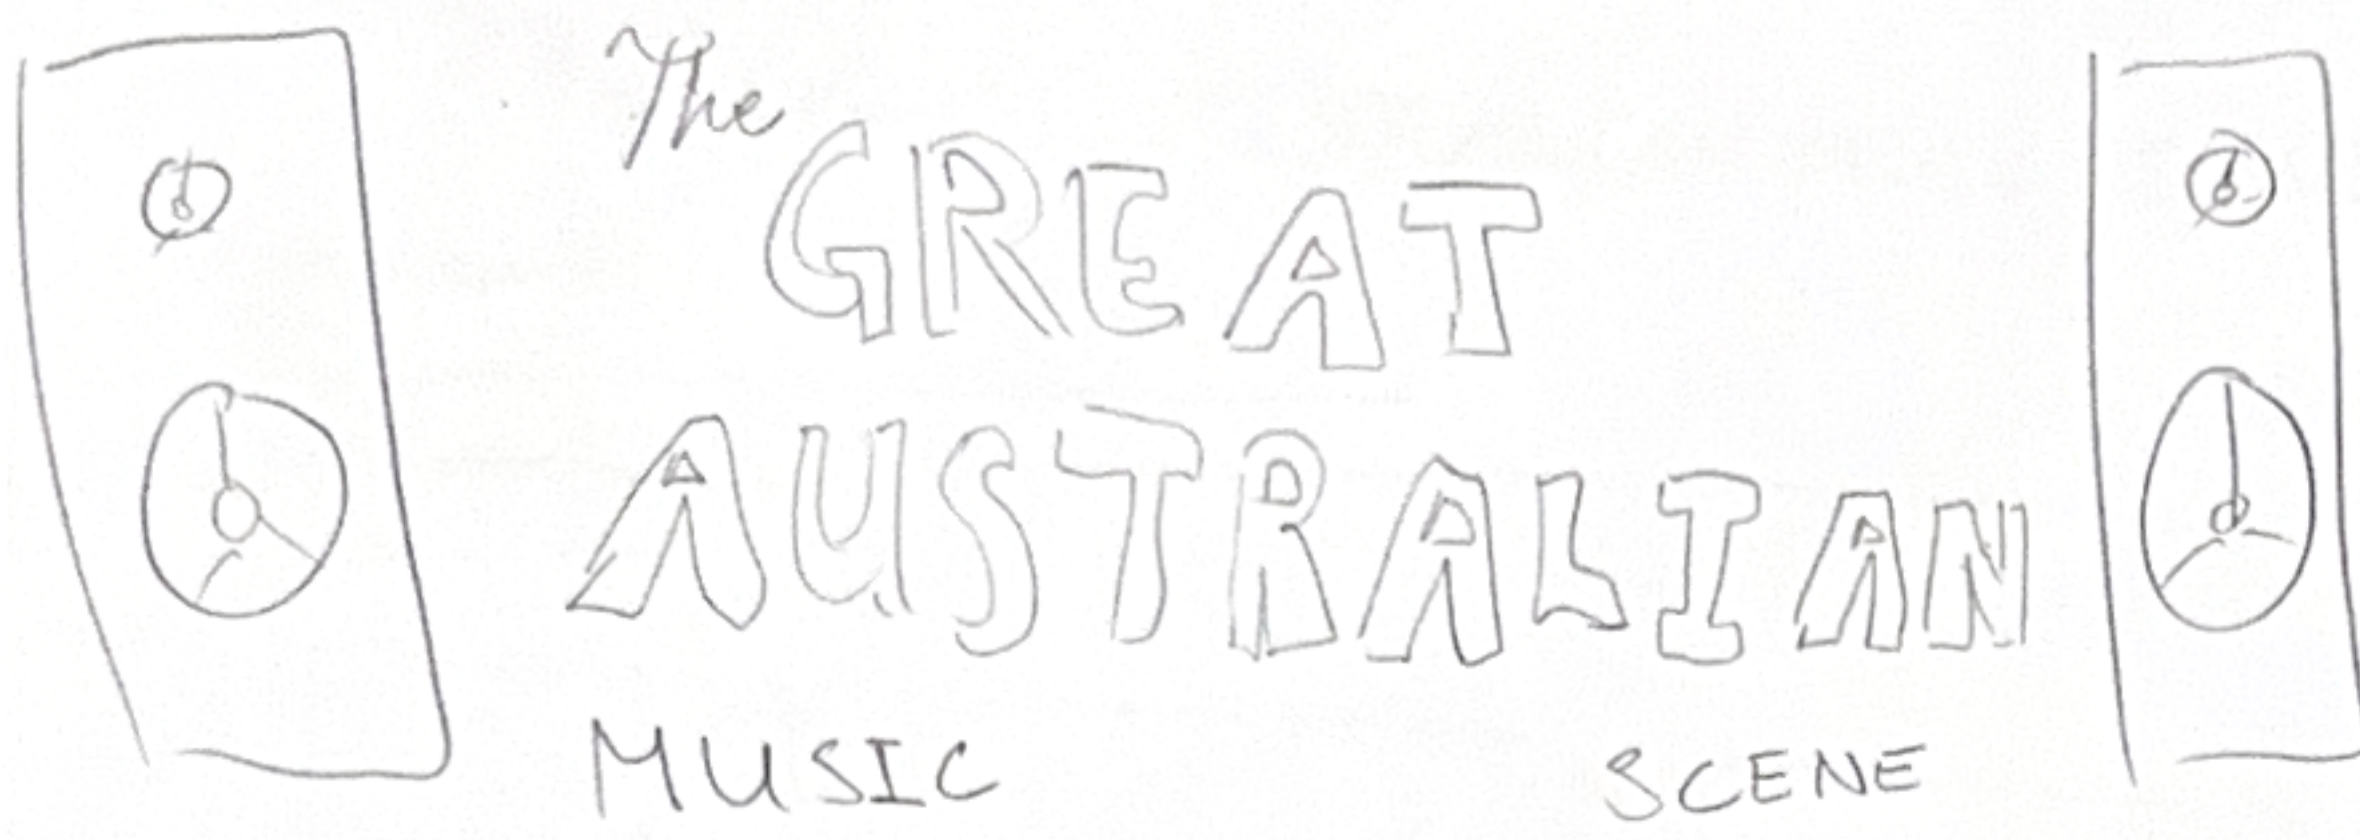

Components / Operations

Selecting from legends 2c / 3c will change highlight respective item in section

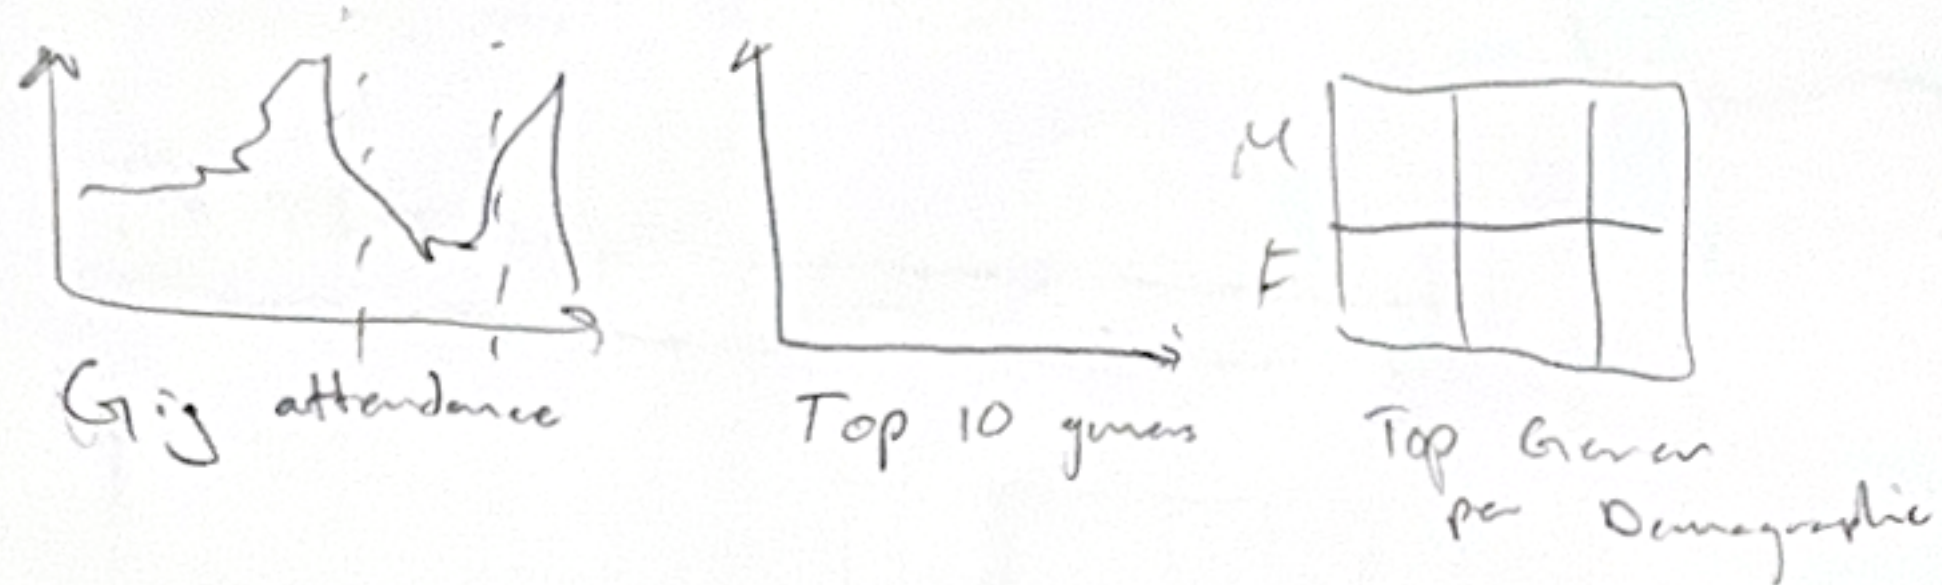

Pro & Cons

- Includes photos & text to assist the narrative of data
- Divides nominal, categorical, and time-series data
- No strong focus on one idea
- No demographic section
